TESTIMONIAL

“We wanted to engage our students during their careers day with a specific focus upon opportunities in tourism.

I had heard about Shiverpool through their well known tours but during a meeting with their creative team I began to understand just how diverse what they do really is.

We wanted something to add the sparkle and really get our students involved and excited about a career in tourism.

What we got was far beyond what our brief had outlined!

Needless to say, a camera crew, contestants Death, Vinny the Vampire and a Hollyoaks celebrity all came together to create the Jemima Vyle show; A parody of the Jeremy Kyle show, it was a really ingenious, clever way to ensure the students were all engaged, understood key messages and enjoyed the experience. From start to finish, Shiverpool’s presentation and excellent communication helped us to feel reassured and confident that we were in safe hands. Adding the sparkle is what we asked for and I’m pleased to say we got a brilliant fire works display!

Thank you to Shiverpool from all at North Liverpool Academy”
